APEGS Application

- Deadline for APEGS funding application **November 1, 2023**
- Each activity requires funding application.
- Gavin notes SGS is very active society and that APEGS funding applies not just to professional development but also to social events.
- Arrange a meeting with Chris Wimmer at APEGS to determine what qualifies for funding and can we be less prescriptive with dates, numbers (historical attendance), and social events with alcohol.
- Potential to apply for:
 - 1) Luncheons: Use historical attendance averages and set out estimate of speakers
 - 2) Field Trips: We should have good sense of Schedule and Budget
 - 3) Social Events: Nadene has good sense of events (Golf, Curling, Outreach Student Event
 - 4) AGM: Schedule roughly known along with historical attendance
- Brian and Nadene, along with Dan, will set up a meeting with Chris.
- Note our social events are well funded, so we don't need APEGS.
