## OTHER EVENTS AND NOTICES:

---

### **SGS Tour of the Lanigan Potash Mine on October 19, 2006.**

The Saskatchewan Geological Society Annual Potash Mine Tour was held in conjunction with the Saskatchewan and Northern Plains Oil & Gas Symposium. We had members from Regina and Saskatoon as well as Calgary and Denver, Colorado. We visited the Saskatchewan Potash Corporation's Lanigan Mine and Mill. Terry Danyluk (Chief Geologist) and staff gave us a great underground tour as well as a mill tour. We visited the mining machine and saw the dissolved beds at the top of the potash section. Thanks again to Terry and Potash Corporation crew for a great tour.

John Lake- SGS Field Trip Coordinator.
